### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: since claims 19-20 has been withdrawn without traverse in paper filed 7/5/06, the examiner now cancels them.

Please delete lines 2, 3 (the title) in the abstract.

2. The following is an examiner's statement of reasons for allowance: applicant's argument that applied prior art, Yagishita doesn't suggest or teach the fabrication of a double-gate transistor and oxidizing said back gate electrode such that oxide is formed below said transistor body and on either side of a central portion of said back gate electrode, thereby forming said back gate self-aligned with said front gate is found persuasive. The rejection has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duy-Vu N. Deo whose telephone number is 571-272-1462. The examiner can normally be reached on Mon-Fri.
